

MODEL VF WR

WRAP AROUND CASE-PACKERS

This series is composed of compact wrap-around case packers suitable to pack full cases (shippers), display cases, display tray and bottom trays. Equipped with a flexible collating system.

On request, the line can be designed to allow a manual or automatic insertion of a partition. The machines can be combined with Film shrink-wrapping machines.

All lines have a cardboard magazine with storage capacity suitable for the required speed and with easy loading during the normal machine operation without machine stop.

Built according to the strict EC standards.

A range of machines models are supplied according to the speed and required packing:

Model	Max Speed
VF 50 WR/VF 100 WR	12 to 20 packs/min
VF 200 WR	25 packs/min
VF 300 WR	35 packs/min
VF 500 WR	100 packs/min
